Mihai Fieraru | Curriculum Vitae

Calea Grivitei 21, 010702 – Bucharest, Romania
(+40) 729 801 345 ● fierarufmihai@gmail.com
mihaifieraru.github.io ● Citizenship: Romanian (EU)

Interests

Computer Vision, Machine Learning

Education

Institute of Mathematics of the Romanian Academy   **Bucharest, Romania**
PhD Student - Computational Learning and Visual Perception Group   *Nov 2018 - present*
Advisor: Prof. Dr. Cristian Sminchisescu

Saarland University   **Saarbrücken, Germany**
M.Sc. Computer Science   *Oct 2015 – Dec 2017*
Masters student at the International Max Planck Research School for Computer Science
Main Focus: Computer Vision and Machine Learning
Thesis: Learning to Track Humans in Videos
Advisor: Prof. Dr. Bernt Schiele

Carnegie Mellon University   **Pittsburgh, USA**
Exchange Student   *Aug – Dec 2014*
One of two students at Jacobs Univ. selected to pursue an exchange semester in the School of Computer Science at Carnegie Mellon University. Courses: Machine Learning, Machine Learning for Text Analysis, Cloud Computing, Entrepreneurship for CS

Jacobs University Bremen   **Bremen, Germany**
B.Sc. Computer Science   *Sept 2012 – June 2015*
Thesis: Using Theory Graphs to Infer Concept Mastery in an Intelligent Tutoring System

Summer Schools

PRAIRIE AI Summer School (PAISS) 2018 (Grenoble, FR)
Transylvanian ML Summer School (TMLSS) 2018 (Cluj-Napoca, RO)

Work Experience

Institute of Mathematics of the Romanian Academy   **Bucharest, Romania**
Research Assistant - Computer Vision   *Aug 2018 – present*
Pursuing research on visual perception of humans in images and video scenes. Proposing algorithms for reconstructing people in 3d. Managing the data collection and annotation efforts that support these algorithms.

Max Planck Institute for Informatics   **Saarbrücken, Germany**
Student Research Assistant - Computer Vision   *Jan 2017 – Apr 2018*
During my MSc thesis in the Computer Vision group, I worked on semi-supervised tracking of humans in unconstrained videos. In contrast to the traditional bounding box representation of humans, my work focused on using two more complex representations: segmentation mask and 2D body pose. After my thesis, I proposed an algorithm to refine human pose estimation predictions.

Max Planck Institute for Informatics   **Saarbrücken, Germany**
Student Research Assistant - Machine Learning   *Sept – Nov 2016*
As part of the Statistical Learning in Computational Biology group, I worked on the optimization of the dimensionality reduction with multiple kernel learning, with applications in cancer subtype discovery. Advisor: Prof. Dr. Nico Pfeifer

DFKI   **Kaiserslautern, Germany**
Student Research Assistant   *June 2015 – May 2016*
As part of the Multimedia Analysis and Data Mining Group, I did research on image sentiment analysis with fine-tuning convnets. I also exposed the trained algorithms as web services for demo and production purposes. Supervisor: Dr. Damian Borth

Microsoft   **Prague, Czech Republic**
Software Developer Engineer in Test - Intern   *June – Aug 2014*
Working in the Skype Division, Identity Team. Performance testing RESTful APIs to evaluate their horizontal scalability. Participating in design and test reviews. Developing automated functional tests and improving the frameworks supporting their execution.

Jacobs University Bremen   **Bremen, Germany**
Student Research Assistant   *Sept – Dec 2013*
Employed by the Department of Mathematics to be part of the Math Support Center. Responsibilities involved explaining mathematical concepts to students and assisting them in the preparation for their Mathematics exams.

Publications

Mihai Fieraru, Mihai Zanfir, Silviu-Cristian Pirlea, Vlad Olaru, Cristian Sminchisescu. AIFit: Automatic 3D Human-Interpretable Feedback Models for Fitness Training. 2021 IEEE Conf. on Computer Vision and Pattern Recognition (CVPR'21).

Mihai Fieraru, Mihai Zanfir, Elisabeta Oneata, Alin-Ionut Popa, Vlad Olaru, Cristian Sminchisescu. Learning Complex 3D Human Self-Contact. Thirty-Fifth AAAI Conf. on Artificial Intelligence (AAAI'21).

Mihai Fieraru, Mihai Zanfir, Elisabeta Oneata, Alin-Ionut Popa, Vlad Olaru, Cristian Sminchisescu. Three-Dimensional Reconstruction of Human Interactions. 2020 IEEE Conf. on Computer Vision and Pattern Recognition (CVPR'20).

Mihai Fieraru, Anna Khoreva, Leonid Pischulin, Bernt Schiele. Learning to Refine Human Pose Estimation. 2018 IEEE Conf. on Computer Vision and Pattern Recognition Workshops (CVPRW'18).

Awards

2015-2017: Scholarship and membership at the Intl. Max Planck Research School for Computer Science

2014: Study Abroad Scholarship offered by Jacobs Univ. in order to study at Carnegie Mellon University

2013: President's List distinction for academic excellence, Jacobs University Bremen

2009: Bronze Medal, National Mathematics Olympiad, Romania

Technical skills

Programming Languages
- Good Level - Python, Matlab
- Basic Level - C++, C, Java, PHP

Others
- Frameworks - PyTorch, TensorFlow, Open CV, Drupal 7

Communication Skills

English (fluent), **Romanian** (Mother Tongue), **French** (Intermediate), **German** (Intermediate)
